13: New Model Code of Conduct *(See separate document)*

For information and discussion. The Local Government Association (LGA) has launched a consultation on a new model member code of conduct. LALC would encourage members to respond to the consultation, and for comments to be passed on to it in order to inform the LALC response to the consultation.

High standards of conduct and behaviour are of huge importance to the local (parish and town) council sector as they are needed to protect the integrity of decision making, maintain public confidence, and safeguard local democracy.

The National Association of Local Councils (NALC) is strongly encouraging local councils and county associations of local councils to consider the proposed new model member code of conduct and respond to the LGA consultation before the deadline of 17 August 2020.

NALC will be responding to the consultation and engaging further with the LGA. Additionally, it is also calling for further action by the government to introduce a new power for local authorities to suspend councillors for a period of up to six months, and for the Committee on Standards in Public Life to review progress on the implementation of the report's wider recommendations. The document has simplified and clarified the existing Code of Conduct adopted by Rainford Parish Council on 22.06.2020.
